Fees are subject to change and are per semester (two school terms).

Several productions are held each year (note - this format is currently under review):

**Senior Production:** which aims to involve all Senior students

**Mid-year Production:** involving all classes from Junior Youth to Senior Youth

**January Production:** open to students except Juniors

**Class Performances:** individual classes may give performances at varying times throughout the year.

Children taking part in productions must attend ALL rehearsals and be available for ALL production dates. Parental help is required for all productions.

If you wish to place any children on the waiting list please complete a waiting list application form for each child and forward to Heather Morris (see form for details).

There is a waiting list for some classes. Our policy is to offer places, when they become available, to the child in that age group who has been on the waiting list the longest. This is not always possible and the following criteria are also considered when a vacancy arises:

- Gender balance
- Age structure
- Siblings already enrolled.

We look forward to receiving your waiting list application form and hope to be able to offer you a placement as soon as possible.

Kind Regards,  
Heather Morris (Enrolments coordinator)
